Tips to attend the WEconnect Virtual Job Fair Successfully

- Do your research on each company before attending the job fair (this helps to direct the conversation which will be available via live chat option)
- Have a notepad and pen ready
- Have copies of your resume ready
- Prepare a few talking points
- Find a quiet spot and a neutral background so that you can concentrate and apply for the jobs during the event
- Prepare and practice your introduction (your “elevator speech”)
- Test your internet and video connections to ensure that they are working properly before the job fair
- Do not wait until the last minute to update your resume or to make changes
- How you present your social media platform is very important
- Update your LinkedIn profile – this is a great time to show off your LinkedIn professional profile
- Use clear, professional business communication
- Upload your resume beforehand in the platform
- Follow up with the recruiters and send a thank you email the next day
